

ORTEC Business Course

On the 31st of May ORTEC organizes an interesting Business Course

“Optimize the World”

During this day you will have the opportunity to get to know more about ORTEC and what we do. As an international company ORTEC stands in the middle of the world and we would like to make a positive contribution to the future of the world. For that reason, ORTEC collaborates with North Star Alliance. At **North Star Alliance** companies and organizations join forces and knowledge in the fight against the HIV pandemic in both East and South Africa.

Business Course

During the Business Course you will work on a North Star Alliance case with other students. Besides that, you will also get the chance to sample the atmosphere at ORTEC and talk to some ORTEC employees about their work experience. The day ends with drinks in our very own bar ‘the ORTAP’.

Would you like to make a positive contribution or are you simply interested in what we do?

Sign up now for the ORTEC Business Course!

Please send your resume and motivation to recruitment@ortec.com
